Coaches need to:

2. Match Fee – present to the referee prior to the game. \$70 this year.
3. PreMatch – have the field ready. Have EMC, ATC available on sideline...if iYRA supports it. Have the restraining ropes on both sides of the field. Use a hand-held alarm devise that measures lightning. (Wait 30 minutes EACH time lightning appears).

Mike Fleming mentioned that if the condition of the field needed corrected, a time frame of getting it corrected should be established.

Des reported that there were 120 games refereed last season. He also stated that Week 1 of April will be posted by Week 1 of March.

He stated that the ELVs (Experimental Law Variations) can be found on the iRB web site. Three issues: kick from 22, number in line out and quick throw.
